Dear Hungry Neighbor,

We want you to know that, no matter what is happening in our country, you are welcome. You are welcome at FISH Food Bank and are welcome to food assistance.

At FISH Food Bank we care about one thing above all – that you are nourished. We want you and your family to have three healthy meals today and tomorrow and the next day.

So we want you to know that:

- Whether your skin is white, black or brown, you are welcome to food assistance.
- Whether you practice Christianity, Islam, Judaism, another religion or none, you are welcome to food assistance.
- Whether you live in a rural or urban community, you are welcome to food assistance.
- Whether you are legally a citizen or not, you are welcome to food assistance.

We welcome you – no matter who you love, what you think, what you look like, what your gender is, what you believe. You are our neighbor – and neighbors take care of neighbors.

Please, let us help you put nutritious food on your table.
